

# *TO BE*

At være

Name:

Class:

# To be

På engelsk bøjes grundledet efter udsagnsleddet. To be kan være svært at bøje, da man bøjer efter tiden og personerne.

Present - nutid    Past - datid

S I N G U L A R	I (jeg)	Am	Was
	You (du)	Are	Were
	He/she/it (han/hun/den)	Is	Was
P L U R A L	We (vi)	Are	Were
	You (I)	Are	Were
	They (de)	Are	Were

## Eksempler:

I **was** walking with my dog yesterday

They **were** looking for her

She **is** very pretty

We **are** all friends

## Opgave 1

Indsæt den rigtige form af *to be* i nutid

I  very happy today

My mom and dad  in love

you listening to music?

They  good friends

She  shopping with Lisa and Kate

### TIP!

Da udsagnsleddet bøjes efter grundleddet, kan det være en god idé at finde dem først. Man kan nemlig komme til at bøje efter genstandsleddene.

Fx: *She is singing with Peter and Judy*

Her er *she* grundleddet, så derfor hedder det *is* og ikke *are*

Nu forstår jeg det!

## Opgave 2

Indsæt den rigtige form af *to be* i datid

I  singing in the shower

He  afraid of spiders

you driving yesterday?

They  satisfied with the result

You and I  working together

## Opgave 3

Sæt streg under det rigtige grundled  
(nutid og datid)

Fx: You are/am a good friend

I is/am tired today

Rick and Victor are/is you going to help?

I were/was searching everywhere

Mom and dad were/was buying a new house

Roses is/are pretty when they are red
